BENEFITING

Where the End of Breast Cancer Begins

“IN OUR LIVES

we must be willing to do that little something extra —
that Grace Note — that lets people know we care.”

DR. LASALLE D. LEFALL, JR.

HELLO FRIENDS,

On behalf of the staff and Board of Directors, we welcome you to the 2020 Grace Notes Gala, our annual Komen Puget Sound black-tie benefit for breast cancer research and community breast health programs. Whether you are a longtime friend or a first time attendee, we are so very happy that you chose to join us this evening!

I began my journey with Komen over 25 years ago when my friend Jill McLean and I started our Think Pink Invitational Women's Golf Tournament – which is still going strong! I became so committed to Komen's mission that I joined the Affiliate's Board of Directors and currently serve as the Board President.

As an oncologist, much of my career has been focused on finding a path to A World Without Breast Cancer. While the path is certainly not a straight one, the work Komen has done has been crucial to getting there as it addresses the challenges from multiple directions—early education and screening, supportive services to expand the reach of diagnostic and treatment and basic research to find the answers to 'Why Me' and 'How Best to Treat'.

I am humbled and honored that you have elected to join with me to help Komen achieve our Bold Goal of reducing the current number of breast cancer deaths by 50% in the U.S. by 2026. Your generosity tonight supports vital and groundbreaking research aimed at ending aggressive and metastatic breast cancers. It also supports work right here in our local community to improve access to breast health services and treatments for the most vulnerable groups in the region.

Most importantly, your donation tonight will have impact and save lives!

Thank you for joining us tonight in standing up to this cruel disease, one that impacts so many, including several right here in this room.

Warmly,

AMY SING

Komen Puget Sound
Board President
